How was it private? It was on a pubically accessibile web site
without any safeguards at all that Google found through a simple
search. If you wanted it private you should have kept it on a PRIVATE
site. It was not private, it you wanted it to stay private you should
have secured it. Your stupidity my fun.

I'm already reporting to the abuse e-mail address. Telephoning is also
a good idea. It costs me nothing to make a call so I'm ready to join
the effort. Mark's Scrabble-bot flooding needs to be put to an end.

Thanks, Dave. I'll go ahead and join your complaints by emailing
abuse@hns.com - an address which I've verified as active. I've used
abuse@hughes.com in the past and never even received a robot reply.
With Mark's post count for today already standing at 596, I think it
should be a no-brainer for any Hughes employee to understand the problem.

I'll give Hughes a call this coming Thursday so that I don't have to
deal with caretaker employees who are manning the phones for the
holidays. After I make the call, I'll report back here and on the blog
http://stopkb9rqz.blogspot.com just what transpired. I'm not expecting
any breakthroughs, but nothing will happen if the telephone call isn't
at least attempted.

Anyone else want to join us?

Count me in! If enough folks lodge complaints then perhaps Hughes will be
forced to listen.
If we succeed, then Mark won't feel so impervious after all.

I have lots of stamps and lots of time to follow through on this.

1) Download Thunderbird and install it.

2) Get the addon "Right Click Ignore."

3) Right click on the perverts attempts at creating a thread and pick "ignore", poof, it is gone."

4) In Thunderbird, when viewing one of the perverts messages, pick "Message" (from the toolbar--above in the window), then "Create Filter From Message", then click "OK" ... this will automatically delete messages from the person holding the email address, in the perverts future posts ...

Now, these fools keep shuffling their email addys in an attack on you, just keep deleting 'em with the above ... hate them with a passion, and if you ever run into them in REAL LIFE--DO US ALL A BIG FAVOR ;-)

Thanks for the information, John. I've been meaning to give Thunderbird a
try anyway and will download it shortly.
Does this then mean that I can then kill any and all posts from Mr. Morgan?
I understand that Thunderbird will also import my email addresses from OE.
Correct?

ah but it isn'y gone which what bug people I have no obejection to
realy using killgiles although it is the cowards way out the problem
has been that killfilling has never satified the preverts around here
they want to keep anybody else from reading what they don't like

And so it goes that the school yard bully runs from the playground while
crying over his shoulder, "I'm gonna tell the teacher! I'm gonna tell the
teacher!"
Don't trip on your shoelaces, Mark.

On the contrary, Mark. You are on record as stating that you were purposely flooding this news group in an effort to squeeze other posters out. You said that flooding is an unfortunate consequence of your effort and that you felt flooding was necessary.

Get your stories straight. You've told so many lies that you can no longer recall them.

BTW. Thanks for the humor, JS. Mark's reaction was worth staying up late for.

I see. You designated yourself as the Judge, Jury, and Executioner for this
newsgroup.

You started this mess, Mark. Now it is up to others to stop it.

Now, now, John. Mark will yet again whine that he is the "victum" of gay bashing, but on the other hand he maintains that being a bisexual is not being gay.
I guess it is a matter of semantics, eh?

Oh, and do not let it escape you that Mark feels that us Coders are involved in a conspiracy to discredit no-coders. Those voices in his head have told him so!

So? I suppose that in your warped world this feeble explanation exempts you
from the accusation of being considered "gay".
That does not exempt you from being thought of as a pervert.

By the way...this comment of yours will make a neat sig file.

It'd be below me, to even give you a bad look. You silly sick wimp, I am going to bring my wife (and, BAD bitch she is!--all of 4' 11", once she is done bitch slapping the chit out of 'ya--I'd give 'yas a spit)

Silly, sick, stupid, disgusting, perverted slug which you are! You truly disgust me, anyone having anything to do with you--they would be my enemy too! Just to keep things straight. You sick bastard, you are the "thing" I worried about when my sons/daughters were growing up--I still worry--to this very day. I dream of the time the likes of you are gone!

I know your type, you have the traits of rapists, child molesters, and serial killers--in a past life (decades ago) I had to do police work to put food on the family's' table! You do NOT fool me ... FOOL!

I am going to like the smile on her face, once the little wife is done with you ... <BIG GRIN>

YOU ARE ONE SICK BASTARD, I HOPE THE PRECINCT HAS YOUR NAME ON FILE!

Wonder what will happen when, tomorrow, the real John Smith sees what has
been posted over his screen name.

Not that it will make any difference to Mark.

Mark is still convinced that Dloyd or DeLorean is behind these posts....and
no facts can dissuade him from his delusions.

What is "mesery"?

Are you making threats?

This is yet one more for Hughes, Markie.

And whoever in his or her right mind would EVER want to step foot on the
landfill you call home ???
Before you would even step out the door, your attack rats would eat a
visitor's legs off at the knees.
This is, of course, if said visitor could even wend his or her way through
the maize of trash that litters your yard.

Good luck, Mork. I hope John Smith is not hiding somewhere in your woods....

If Mark wants to put us out of our "mesery", he can simply stop flooding this newsgroup with his inane, endless posts and reposts of nothing whatever to do with amateur radio.

How is turning your own mother into law enforcement helping her with
her financial problems, it obviously would do the opposite, I smell a
big fat lie. Nevertheless, apparently on here evidence is not
required, look at all the lies you attributed to my nym.

No I have no idea of what you mean, so are you now going on record
that you have a right to post whatever you want, but the rest of us
don't have that same right?

> but since you are daloyd lavies you can be harassed

I'm glad that you agree that you can harrass me, but I don't think you
have, nor have I harassed you...our little feud is not harrassment.
If you don't want to deal with me, then ignore me and my posts..such a
simple solution that you can't seem to do. But why flood everyone who
uses RRAP with you diatribe? If you truely want to kill "Dloyd
Lavies", then ignore him and stop your flooding..so simple. Yet you
can't seem to ignore me....

Never said my actions were harassment, engaging your stupidity is not
harassment. Folks put up parody sites and lampoon comical situations
all the time, I find you to be very foolish in a clown like way, but
annoying too. So I engage you in a way that I find comical. My right.

> indeedyou claim I harras you by even mentioning your name on my blog

Mentioning name is not the problem, its all the allegations of crimes
you spout with no proof. Have I been charged with a crime? No. Has
LE contacted me? No, Like I have said before, if LE thought a crime
was commited they would have taken action or at least contacted me.
You had no problem contacting me about your blog, so I assume that LE
can do the same.

Space Weather News for Dec. 29, 2007
http://spaceweather.com

After a 13.6 year absence, Comet 8P/Tuttle is once again traveling through the inner solar system. On Jan. 1 and 2, 2008, it makes its closest approach to Earth--only 24 million miles away. The emerald-colored comet will brighten to a predicted magnitude of 5.8, visible to the unaided eye from dark-sky sites and a fine target for backyard telescopes anywhere.

Two nights before closest approach, on Dec. 30th and 31st, something extraordinary will happen: Comet 8P/Tuttle has a beautiful close encounter with spiral galaxy M33. The comet and the galaxy may even overlap! This is a can't-miss opportunity for astrophotographers around the world.

Visit http://spaceweather.com for sky maps, photos and more information.

MI5 Persecution: Molestation. during Travel

MI5s persecution of me varies in intensity. Since. 1990 it has been steady for perhaps 80% of the. time; there was a notable quiet period in 1993, and another quiet period in Jan-Feb 1995, as well as a hiatus in the first. two months of 1999.. It puzzles me that they cease and restart, seemingly without any logic or reason. But one aspect. of MI5s activities against me which is relatively predictable is. this weeks articles topic, which is Molestation during Travel.. Almost every time I cross the Atlantic, go to the. Continent or even try to enjoy a holiday in this country, you can bet that MI5 will be there doing. their utmost to wreck it all.

This aspect of the harassment is particularly relevant as I. will be travelling to Europe again in a months. time, with naturally the Minidisc recorder. in tow; so it will be interesting to see if I can record the abuse which will almost certainly take place, either. on the Tube going to the. airport, at the airport, on the flight, in the terminal building - MI5 have previously instituted instances of abuse at each of these. locations, so well see how much taxpayers money they waste this. time, and whether it will prove possible to capture their abuse on. minidisc.

Read. about the MI5 Persecution on the Web

June 1992 in Polands. mountain resort of Zakopane

The persecution started in June 1990,. and for the first two years I stayed in the UK. apart from a couple of brief day trips to Calais. By the summer of 1992 Id had enough of being. cooped up in England with abusive fellow employees egged on. by an abusive secret police service, and decided to spend 10 days in southern Poland, on. what was intended to be a holiday at the mountain resort town. of Zakopane.

Unfortunately the psychopaths of the Security Service were not. willing to allow me to enjoy a holiday in. peace and quiet. The journey to Zakopane was by coach from the meeting point. at Londons Victoria coach station (National Express) followed by ferry followed. by another coach across Europe. As we left Victoria a youth and his. girlfriend started a loud tirade of abuse directed at "this bloke",. where the "bloke" was never named, but it was very clear. that the "bloke" was myself. The youth said "they" had "found somebody from his school,. and he was always really stressed at school, a real psycho". Again, the. label "they" was not elaborated on, but it was clear that "they" =. the persecutors from MI5. The. boy also said, "he was in a bed and breakfast for only one night and they. got him". By a not unexpected coincidence I had been in a B&B in Oxford a week previously, which had been. booked from work; other things

lead me to the conclusion that. the company's offices were bugged for most of the 2 1/2 years that I. was there, so "they" would have known a room in the. B&B had been booked. After a few minutes of this I went back to where they were sitting and asked. where they were travelling. The boy named a village in France, and the girl's giggling suddenly. ceased; presumably it permeated to her. brain cell what the purpose of the boy's abuse was.

It is now very clear to me that MI5 were trying to. have me incarcerated, assaulted or killed on this trip across. Europe. The degree of verbal violence inescapably leads to. this conclusion. When we arrived at our destination, it became clear that many people, both in our tour. group and its guide, and among the ordinary residents. of the town, knew there was a movement under way to "get" me. MI5. employed many people and significant resources. for an action which they knew would only take a maximum of ten days. A commercial. operation would never have felt able to waste such resources on such an unproductive and temporary action; only. a state-sponsored,. taxpayer-funded entity like the Security Service would be able to. be so wasteful.

To. give some examples of what happened in those ten days; I was walking in some woods. outside the town, when a Polish woman, looking at me, said the English "shit" in. a strongly Polish-accented voice. For the first three years 1990-92 MI5 had been trying to force this word. on me. Another example; I was walking near my "hotel" when a mother said laughing. to her child, "a wiesz ze to. prawdziwy wariat" which means "you know hes a real madman". And the "TV reacting". happened there too; on Polish TV, a bemused looking journalist said to. another, "to jest sprawa Anglikow", which means "its the concern of the English", in other words, none of. our business, despite what the English are trying to force. down our throats.

Just before we left for home, I went. with some others from our group to a nearby. bar. There a man shouted at me the same sexual obscenity which MI5 have constantly thrown at me these last three years. I think. MI5 try to justify their various terms of. abuse by repeating them at me until I say them,. either while conscious or while talking in my sleep; and then they seize on my saying those words to "prove" that the. obscenities are "my fault",. et cetera. This rather stupid reasoning of theirs can actually be seen. as indicative of the psychopathic condition attributed to them in a previous article; blaming the victim for the crime you. inflict on him is how psychopaths. think.

Nor did the persecutors let up during the return trip. Returning. on the ferry over the channel,. a rather insalubrious-looking guy talked to his mates. about "and you know this bloke, hes really mad you know, hes really mad". On the National Express return coach. to London, a group of five or six young people started shouting at me. I slumped in my seat and. tried to avoid presenting a target, so they got ever. more strident - "whats the matter with you, cant you hear us?" One of the other. people who had been on the trip to Poland asked them why they were shouting at me, and. they said, "hes been to Cambridge", to which the co-holidayer asked them,. "have you been to Cambridge?". presumably thinking they were aggrieved fellow

students, but they answered "no". Even after I left. the coach at Elephant and Castle abuse. continued; in the tube station, two kids started throwing abuse at. me; one of them said to the other, "and you know he works?" to which the other answered. "yes".

Immediate. Aftermath of November 1992

As you will know from previous. articles, my manager at OCG - ARIS/Oxford, Mr Mitchell, induced a mental breakdown in me in the. months leading up to Nov/92. The diagnosis was. regarded by the persecutors as a victory for them, because few if any people give credence to allegations. of harassment when they are made by somebody suffering from schizophrenia. There is. also a bias against the mentally ill, an "institutionalised bigotry". in society comparable to. the institutionalised racism against blacks.

However, MI5 did not. let up on persecuting me following Nov/92. In December 1992. I flew by charter jet to Alicante in Spain for two weeks recuperation. MI5 planted one of their people. on the flight, a youth who tried to start some noises that "hes a. nutter". One of the other passengers replied, "oh hes a nutter is he? oh. well!" and the youth shut up and said. nothing for the rest of the flight. I think it would be fair to say that the youth on the flight was embarrassed by. what he had been asked to. do in making the flight "uncomfortable" for me; he sounded defensive rather than. aggressive.

My first trip to Canada in June. 1993

Ive already covered this in. a previous article so Ill just give a brief summary here. On 10 June 1993 I flew. British Airways from Heathrow to Torontos Pearson Airport.. On de-planing from the aircraft, one of a group of four fellow passengers looked at me and said, laughing, "if. he tries to run away well. find him". It was quite obvious that these four men were the ones who had. been harassing me since 1990.

I did nothing to apprehend. them or bring this incident to the attention of the airport authorities, mostly because this was my very first visit. to Canada, and. the last thing I wanted was to get into a dispute before I had even finished disembarking. In retrospect,. I can see this was a terrible mistake; I should have made every effort to detain and. identify these people.

Subsequently I. have made numerous attempts to obtain the names of these people from British Airways passenger lists, by talking to. BA, through a lawyer in Ontario, through a solicitor in England, through the. UK police, and. also through private detectives in the UK. But all my efforts have come to. nothing. BA have told me they keep passenger lists for a period of seven years, so. they will still have the list for this 1993 flight. I did not see or hear anything during the rest of my visit to Ontario in. 1993 which would have lead me to believe that I was being. watched or followed.

Journey across Canada. in summer 1994

As I. think Ive already said in previous articles I emigrated to Canada in late May 1994. For. six weeks between late May 1994 and early July 1994 I travelled across Canada. from coast to coast, starting in Toronto, visiting various cities. and ending up in British Columbia. I saw this both as something of a. holiday, and the chance to get to know a little better my adopted. country.

As you can guess, MI5. followed me everywhere I went during these six weeks. In Toronto, where I started this. trip in late May, I was spoken about by one youth to another with the words "hes an. idiot", to which the other replied, laughing sympathetically, "good luck. to him".

A couple. of days later I went to Montreal and stayed at the YMCA downtown. As. you can guess (this is all so predictable, isnt it?) MI5 followed me there and bugged my room. at the YMCA. Not only that, but they managed to set-up an. instance of "newscaster reaction" from a local television station; while. I was watching a Vermont TV news programme on the set in my room, the woman reporter said, "well theyre just. tired and they want to go home", which sounds. like a pretty unprofessional thing to say until you realise she was trying to say of me that I was the one. that was supposed to. be tired, and they (ie MI5) wanted me to go home to the UK.

On the bus journey across the. North American continent, it was quite clear that. MI5 were following me every step on the way. For the first part of the journey they actually put someone on the. bus with me, a youth who said at me "that guys paranoid". and tried to incite other passengers to attack me. I stopped for. a couple of days in Winnipeg in central Canada, and on leaving the town heard on the radio a. female presenter ranting about "insanity! insanity!". It is. very tiring travelling such a long distance by bus; I took the. journey in two steps, each of about 36 hours; and it is especially tiring when you know MI5 are watching you and. harassing you every step of. the way.

When I finally got to Vancouver, MI5. instituted the usual harassment, in very short order. I was surprised how quickly they. were able to induce hatred towards me in elements of the general. populace; the Security Service must have employed a number of. agents and serious resources in a very short period of time; and for no real gain, because I havent. been back to BC for almost five years,. so all their "work" appears to be for nothing. In downtown Vancouver. a street person said in front of me, "theyre all talking about him".. For a few days I was staying at Pauls Guest House (345 W.14th. Ave); on the day I left, the owner Paul shouted at no-one in particular, "hes going to Victoria" - which. was quite accurate, I was indeed going to the. provincial capital Victoria on Vancouver Island. But I had not told anyone at the guest. house where I was going; I had only. mentioned to my parents back in England on the phone that I was going away from Vancouver for a few days. Which leads me. to suppose that MI5s bugging of the. phone in my parents house yielded the "intelligence". that I intended to visit Victoria, and they had passed the information. on to Paul.

When. I got to Victoria it was again obvious that the persecutors were "doing their stuff". there as well. On the street I was identified as being English, although I had not said anything. so my accent hadnt given me away; and returning by. ferry to the mainland, I was abused by a Canadian woman who said, "hes a nutter! you can run but you. cant hide". During my years in Canada I have never. heard the word "nutter" on any other occasion; I do not think it is part of Canadians vocabulary;. so the Canadian woman on the ferry, who was obviously. talking about me, must have been. supplied with this word by the English persecutors. And once I got back to Vancouver, staying at the. Austin Hotel on Granville St, I listened to a conversation in the apartment block directly. opposite, and a man saying, "hes paranoid, so thats as bad as it can be, so. why are they doing this. to him?".

Holiday. in the States, August 1995

By 1995 I was living in Canada, and in August I went down. the eastern seaboard. to Florida and as far as Key West by car. As you can guess (this is all so boring and predictable, isnt it?) MI5 followed me every step. of the way. I can see in retrospect that. this must have been quite easy for them. as they had my car bugged, both on the inside to listen to anything that was said and what radio station I was listening. to, as well as what must have been a tracker device installed. to track it across long distances.

The first. city I visited was Philadelphia. In the old Congress Hall where the first US Congress assembled, the woman guide. started referring to my situation, saying that. "all these people in Europe were watching it", and they were "a little paranoid" at. this 18th-century experiment in democracy. Also I had recently written. a newsgroup post where Id described a (female) poster. as "wet-nosed" (implying "canine"), and a young girl in Philadelphia remarked,. "so he thinks were dogs?" There were two or three more incidents during this holiday in the. eastern States, including a radio station down near Miami, showing. "they" had tracked me all the way there, and were bugging the inside of my car; but. I didnt record the details and Ive. forgotten some of it now. Also down in Miami Beach a French tourist in a lift. expressed support for me with the words, "cest incroyable" ie.. its incredible, meaning that MI5s well-known actions against me were. beyond belief.

To go back a bit, in about May/June 1995 Id visited New York, again. by car, and was insulted several times by people using. the same words that had been. used against me in England. In Central Park, and elderly Englishman (not a real gentleman - but then the Engish view. of themselves as "gentlemen" etc is quite laughable) looked at. me and said "idiot". And while I was eating in. a streetside restaurant a New York youth started laughing and said something like, "I cant believe it, hes. actually here" - I think that was because. I had had an expressed wish to visit New York for some years before this,. although after this visit I wont be going there again. for a very long time.

Visit to Poland. December 1995/January 1996

In December 1995 I flew. (BA again, unfortunately - every time Ive flown BA one of these incidents has happened, presumably MI5. is happier setting up harassment. on British-domiciled carrier) from Montreal to Berlin and travelled on to Poland to visit family. MI5. naturally harassed me in Poland during my. brief stay. They followed me around and got Polish people to take part in the harassment. In one case two Polish youths. talked in front of me saying in English. (with marked Polish accents), "fucked up men, fuck you". There were also other incidents which I. dont remember too clearly. since it was some time ago.

The return flight connected through Heathrow,. and in the transit lounge MI5 again set-up harassment against me.. In Poland they were talking their abuse in English, and in London. they set Polish people after me to speak in Polish; they heard me on the phone to my father, and said "a wiesz. ze to Polski wariat", in an almost sympathetic, inclusive. fashion (translation. "you know hes a Polish nutter"). Once on the flight. to Montreal I was again set upon by two English youths, one of. whom spoke and the other listened. The. aggressive "fat bastard" youth said, "if he wants to be a wanker" (its my fault theyre. harassing me, you see), self-justification. that "hes a nutter" (so we have to keep on abusing him, because hes ill), as. well as talking about the town in Poland where I had been staying. He also. said, "he doesnt know who we are", but as already remarked in a previous article, that was at. best a half-denial of my guess expressed in internet newsgroups that. the people after me were MI5 - if anything. its a half-confirmation rather than a half-denial.

These incidents are still going on. You can hear digitised audio. files of abuse on. a BA flight to Berlin in 1998 on the Web at address

On this flight they were again attacking my. mental health; "paranoid, hes paranoid" and "nutter" are discernable. The last "during travel". contact was at Ottawa Airport on. 21 July 1998, when "Alan Holdsworth" the psychopath MI5 agent, dressed as a vagrant, was. pacing aggressively in the departure. area. In three weeks I will again be travelling to Europe; we will see what fresh acts of molestation MI5 perpetrate. during this trip.

MI5. are Afraid to Admit They're Behind the Persecution

MI5 have. issued a formal denial of any involvement in my life to the Security Service Tribunal, as you. might expect them to; but, more importantly, the persecutors have never denied that theyre. from the Security. Service, despite several years of accusations from my corner on usenet and in faxed articles. I. am not surprised that the Security Service Tribunal. found "no determination in your favour". I am however a little surprised that the. persecutors have refused to confirm my identification of them; by doing so, they implicitly admit that. my guess was right.

"No determination in your favour". says the Security Service Tribunal

In 1997, I. made a complaint to the Security Service Tribunal, giving only the bare outlines of my case.. I do not think it would have made very much difference if Id made a much more detailed complaint, since the. Tribunal has no ability to perform investigatory functions. It can only. ask MI5 if they have an interest in a subject, to which MI5 are of course free. to be "economical with the truth". A couple of. months after my complaint the Tribunal. replied that;

The Security Service Tribunal have. now investigated your complaint and have asked me to inform you that no determination in your. favour has been made on. your complaint.

Needless to say this reply didnt surprise me in the slightest. It is. a well established fact that the secret service. are a den of liars and the Tribunal a toothless watchdog, so. to see them conforming to these stereotypes might be disappointing. but unsurprising.

It. is noteworthy that the Tribunal never gives the plaintiff information on whether the "no determination in. your favour" is because MI5 claims to have no interest. in him, or whether they claim their interest is "justified". In the 1997. report of the Security Service Commissioner he writes that "The ambiguity of. the terms in which the notification of the Tribunals decision. is expressed is intentional", since a less ambiguous answer would indicate to the. plaintiff whether he were indeed under MI5 surveillance. But I note that the ambiguity also. allows MI5 to get away with lying to the question of their interest in. me; they can claim to the Tribunal that they have no interest, but at a future. date, when it becomes clear that they did indeed. place me under surveillance and harassment, they can claim their interest. was "justified" - and the Tribunal will presumably not admit that in. their previous reply MI5 claimed to have no interest.

"He. doesnt know who we are"

In early January 1996 I flew on a British Airways jet from. London to Montreal; also present on the plane, about three or four rows behind. me, were. two young men, one of them fat and voluble, the other silent. It was quite clear. that these two had been planted on the aircraft to "wind me up". The fat. youth described the town in Poland where I had spent Christmas, and made some unpleasant personal. slurs against me. Most interestingly, he said the words, "he doesnt know who. we are".

Now I find this particular form of words very interesting, because. while it is. not a clear admission, it is only a half-hearted attempt at denial of my. guess that "they" = "MI5". Had my guess been wrong, the fat youth would surely have said so. more clearly. What he was trying to do was to half-deny something. he knew to be true, and he was limited to making statements. which he knew to be not false; so he made a lukewarm denial which on the face of it. means nothing, but in fact acts as a confirmation of my guess. of who "they" are.

On one of the other occasions. when I saw the persecutors in person, on the BA flight to. Toronto in June 1993, one of the group of four men said, "if he tries to run away well find him".. But the other three stayed totally quiet and avoided eye contact.. They did so to avoid being apprehended and identified - since if they were identified, their employers would. have been revealed, and. it would become known that it was the secret services who were behind the. persecution.

Why are MI5 So Afraid. to admit their involvement?

If you think about it,. what has been going on in Britain for the last nine years. is simply beyond belief. The British declare themselves to be "decent". by definition, so when they engage in indecent activities such as the persecution of a mentally ill person, their decency. "because were British" is still in the forefront of their. minds, and a process of mental doublethink kicks in, where their antisocial and indecent activities. are blamed on the victim "because its his fault. were persecuting him", and their self-regard and self-image of. decency remains untarnished. As remarked in another article some time ago,. this process is basically the same as a large number of Germans. employed fifty years ago against Slavic "untermenschen" and the Jewish "threat" - the Germans declared,. "Germans are known to be decent and the minorities. are at fault for what we do to them" - so they were able to retain the view of themselves. as being "decent".

Now suppose this entire episode had happened in some other country.. The British have a poor view of. the French, so lets say it had all happened in France.. Suppose there was a Frenchman, of non-French extraction, who was targeted by the French. internal security apparatus, for the dubious amusement of French television newscasters, and tortured. for 9 years with various sexual. and other verbal abuse and taunts of "suicide". Suppose this all came. out into the open. Naturally, the French authorities would try hard to place the blame on their. victim - and in their own country, through the same state-controlled media which the. authorities employ as

instruments of torture, their view might prevail -. but what on earth would people overseas make of their actions? Where. would their "decency" be then?

This is why MI5 are. so afraid to admit theyre behind the persecution. Because if they did admit responsibility,. then they would be admitting that there was an action against me - and if the. truth came out, then the walls would come. tumbling down. And if the persecutors were to admit they. were from MI5, then you can be sure I would report the fact; and the persecutors support would fall away, among the mass. media as well as among the general public. When I. started identifying MI5 as the persecutors in 1995 and 1996 there was a. sharp reduction in media harassment, since people read my internet newsgroup posts. and knew I was telling the truth. The. persecutors cannot deny my claim that theyre MI5, because then I would report their denial and they would be seen as liars. - but they cannot admit it either, as that would puncture. their campaign against me. So they are forced to maintain a ridiculous. silence on the issue of their identity,. in the face of vociferous accusations on internet newsgroups and. faxed articles.

Have MI5 lied to the. Home Secretary?

In order. for the Security Services to bug my home, they would either have needed a warrant from the Home Secretary,. or they might have instituted the bugging without a warrant. Personally I think. it is more likely that they didnt apply for a warrant -. I cannot see any Home Secretary giving MI5 authority to bug. a residence to allow television newscasters to satisfy their rather voyeuristic needs vis-a-vis one. of their audience. But it is possible that. the Security Service presented a warrant in. some form before a home secretary at some point in the last nine years, for telephone tapping or surveillance of my residence,. or interception of postal. service.

So the possibility. presents itself that a Home Secretary might have signed a warrant presented to him based on MI5 lies. Just as MI5 lie. to the Security Service Tribunal, so they might have lied to. a Home Secretray himself.. MI5 and MI6 are naturally secretive services former home secretary Roy Jenkins said, they have a "secretive. atmosphere ... secretive vis-a-vis. the government as well as [enemies]". Jenkins also said he. "did not form a very high regard for how they discharged their. duties".

It was. only a few years ago that MI5 was brought into any sot the extraordinary thing. is that British media organisations like the state- and taxpayer-funded BBC take such an. active part in the MI5-inspired campaign of harassment. We have after all heard of MI5 trying. to bribe broadcast journalists;. but surely there must be a substantial number who are. not bought or blackmailed by the Security Services, and who take part in the "abuse by newscasters" of. their own volition? The BBC is supposed to be independent of the government of. the day as well as the Establishment in general.. While perhaps it is childish to think that the BBC is anything other than. effectively state-controlled, the degree of

collusion between the BBC and the British Secret. Police MI5 is something you would not find in many countries.. Individual tele-journalists in other countries would have enough self-esteem not to allow. themselves to be controlled. by their secret police - seemingly, BBC broadcasters like Martyn Lewis. and Nicholas Witchell have such a low opinion of their employing. organisation that they see no wrong in dragging the BBCs no-longer-good name. through yet more mud, at the mere request (whether supported by financial or other inducements) of the British. secret Police, MI5.

And when challenged,. these broadcasters LIE about their involvement, with just as little shame as. MI5 themselves. The BBCs Information dept have said. that;

"I can assure you that the BBC would never engage. in any form of surveillance activity such as. you describe"

which is an out-and-out lie. Buerk and Lewis have themselves lied. to their colleagues in the BBCs. Information department over the "newscaster watching", but. unsurprisingly they refuse to put these denials in writing. Doubtless if the. "newscaster watching" ever comes to light, Buerk and Lewis will then continue to lie by. lying about these denials. So much for the "impartial" BBC,. a nest of liars bought and paid for by the Security. Services!

It is obvious that the persecution is at the instigation. of MI5 themselves - they have read my post, and. only they have the surveillance technology and media/political access. Yet they have lied outright. to the Security Service. Tribunal. Similarly, BBC newscasters Michael Buerk and Martyn Lewis have lied to members of their own organisation. The. continuing harassment. indicates they are all petrified of this business coming out into the open. I will continue to do. everything possible to ensure that their wrongdoing is. exposed.

MI5 Persecution Update: Friday 11. June, 1999

Harassment in a pub in Clapham,. Tuesday lunchtime

Once a month, or once every other month, I. meet a Polish friends of mine who lives in Clapham North, and sometimes we go to. a particular pub near where he lives. The last time was some two months ago; I. did not have my minidisc-walkman with. me, and consequently was seriously harassed by people MI5 had instructed to harass. me, in the pub.

This Tuesday, 8 June. 1999, we again went to the same pub for a pre-meal drink. This time I did have my. minidisc-walkman with me. As you can guess, we. were followed into the pub by a couple of young people (Im getting older and older - isnt it funny how the MI5 agents. all look young these days?). They started talking about my. situation, in particular some travel I had booked the previous day. Unfortunately,. they were talking fairly quietly, and. my minidisc didnt pick up their speech.

MI5s schizophrenic reasoning is that simultaneously I am. very important and worthy of their acts of persecution, and I am also totally. unimportant and their abuse of me "doesnt matter". Perhaps they. should test their agents and managers for obsessive. personalities or psychotic features in the same way. as employees are drug-tested. MI5 might lose their "worst cases" employees if some psychological. testing were applied to their recruitment. procedure.

Toothless Watchdogs.. What a Surprise.

Recently I have been engaging in communications with two. watchdogs, the Security Service Tribunal which deals. with complaints against the security service (and always clears MI5 of any wrongdoing), and the. Data Protection Registrar, which is mandated to investigate. misuse of personal data held on. computer.

In a letter to Nick Brooks, Security Service. Tribunal secretary, dated 20 April, I asked him if the Tribunal, as an. allegedly independent body, had the means to. investigate complaints against MI5 other than asking MI5 to themselves investigate complaints. To my disappointment, his. reply two weeks later answered the question only indirectly, in. the negative. Whatever the reader might think of the merits of the case. I have been putting. before you in faxed articles this last year and half, you will surely recognise that it is a. significant anomaly for the Tribunal to have no independent means. of investigating complaints, particularly given the view expressed even by. previous home secretaries that the security services are. untrustworthy.

MI5 Persecution: No Justice for the Victims. of MI5

In a previous article I. detailed the similarities between the current MI5 Persecution in England, and other. historical instances of similar persecution, notably. that by the Nazi Germans in the thirties and forties. The Germans persecuted first the mentally. ill, the epileptics and those suffering from schizophrenia, then moved on to racial groups;. in todays Britain the persecution is again directed. at those with mental illness, which the British in their cowardice find easier than. taking on racial groups as. the Germans did. But just as in Thirties Germany there was no recourse against a malign and omnipotent. state, so the MI5 Secret Police in the modern British Fascist State allow no. justice for their victims.

No Recourse Against the Security Services. Illegal Harassment

It. has become apparent to me over the last nine years just how loaded the dice are in todays Britain,. a fundamentally fascist country which masquerades as a. democracy. Britain is a democracy in name only; the Establishment, the defence and MI5. secret police are always there, regardless of which. party has been voted into power most recently - and from "New Labours" conduct in office one finds. it difficult to tell them apart from Old Tories, in. their crackdowns on the sick and vulnerable in society.

In thirties Germany the victims of the Nazi regime had. no legal recourse against their State oppressors; and in todays Fascist British. state, the victims of the Establishment and its MI5 Secret Police similarly have. no recourse. against the illegal state-funded and organised oppression. There is supposed to be a mechanism for dealing. with MI5 crimes, in the shape of the Security Service Tribunal and Commissioner; yet these have. never found favour of a plaintiff. One might as well ask the Nazi SS. to investigate crimes against epileptics or Jews as. ask the Security Service Tribunal to investigate MI5 crimes against British citizens;. it is quite obvious what the answer is. going to be, regardless of what you say to them, and what evidence you provide. The Tribunal and Commissioner are a mere. formality, a whitewashing body to give the Secret Services a veneer. beneath which they hide. their shabby criminality.

"Institutional. Racism" and Bigotry in the Metropolitan Police

The recent inquiry into the racist murder of Stephen. Lawrence found clear evidence of systematic and deliberate racism in the Metropolitan. Police, which cannot have surprised anyone. Commissioner Sir Paul. Condon accepted a somewhat lukewarm. definition of institutional racism as being "unconscious". In truth, and this. truth must surely be obvious to anyone who has any familiarity or encountered the great. British police, the Met has not just "unconscious" racism, but very clearly "conscious". and deliberate racism, of the kind. that would have done Thirties Germans proud. And it is a. bastion of such open racism - when many other parts of society are learning. to live in a multicultural environment, the Met is still living in the. past in its attitude to the minorities.

But in addition to the systematic racism confirmed by. the Lawrence inquiry, there is also something much more relevant to this case, which. is systematic. police bigotry against the physically and mentally disabled, which. I personally have experienced in my dealings with the police over the. years. You cannot expect equal treatment if you are mentally disabled. I tried to make a complaint to the. police in 1995 about the harassment I had been subjected to for several years.. As soon as they found out I had. mental illness, they refused to even talk to me. I tried again in March 1999; the police made various threats to me,. while ranting about "your. paranoid rubbish" in reference to the complaints expressed to them.

The police refusal to do the job they are employed and paid to. do is extremely serious, particularly as this. case is highly important, indeed key to the whole issue of British self-perception at the end. of the 20th century and the beginning. of the 21st century. Britain has lost much in the last fifty years - it has lost an. empire, it has lost its self-respect and its identity. as a people. If the MI5 persecution finally makes it into the light and the Security Services are. seen for the rather cheap bullies their behaviour indicates, it will have a massive and harmful. effect on British self-perception. in the new century.

Security Service. Tribunal - Blatant Whitewashing

A few weeks ago I. spoke on the phone to Nick Brooks, the Secretary of the Security. Service Tribunal, which is supposed to deal with cases of MI5 transgression. I asked him if the Tribunal. had ever found in favour of a plaintiff and against the Security Service.. He answered that as far as he knew,. it had not.

I also asked Mr. Brooks if the Tribunal had any means of investigating allegations of criminal. activity by MI5, other than asking MI5 themselves if they had engaged in. such activity. His rather circuitous written reply states that the. 1989 Security Service Act provides that "it shall be the duty of every member of the Service to. disclose or give to the Tribunal such. documents or information as they may require for the purpose of enabling them. to carry out their functions under this Act". Which is a very round-about way of saying. - "No" - the Tribunal has no way of investigating MI5. crimes - None At All.

Setting up the S.S. Tribunal, and creating a. Security Service Commissioner, was really an act of falsehood. by the government. It is generally recognised. that MI5 are out of reach of the normal criminal justice system - the police,. as we have seen, have no intesot answer to the government; in a previous. article I quoted Roy Jenkins speaking of "a secretive atmosphere.... secretive vis-a-vis the government. as well as [enemies]", and. a "lack of frankness" from MI5.

If the government wanted to,. it could reform the secret services and ensure they acted in conformance. with the laws which have been enacted for them in. the last ten years. But apparently the present government does not see any need. to ensure security service compliance with the law. As noted above, the. regulatory machinery for MI5 is deliberately weak; the Tribunal

has. no independent means of investigation, and it is simply a waste of time complaining to the Tribunal or. Commissioner.

Every so often,. fresh revelations come to light of secret service transgressions. We have heard from Shayler that MI5 bugged Jack Straw. and Peter Mandelson; we have heard. from Peter Wright that MI5 plotted to see Wilson ejected from office; yet so closed is the system. of government that the law is never enforced against MI5 when they "bug and. burgle" everyone from politicians to ordinary. citizens.

No. Justice from the Legal System, either

Britain has. a civil and criminal justice system which effectively limits many complaints. from being heard. For a civil complaint to be brought before a court, you need a solicitor willing to. act on your behalf. Supposedly it is possible to represent yourself as. a Litigant-in-Pthe basis. of being "frivolous and vexatious" or "disclosing no cause for action in. law". This is exactly what happened to me in 1997 when I twice tried to take the BBC. to court for spying on me in my living room at home; my case was twice struck out, and on the second. occasion an order was made against me that. I could not bring further civil litigation against the BBC. without leave of the court.

As the reader can guess it is quite. impossible for a person with schizophrenia,. who complains about the secret services and media interfering in. his life, to find a solicitor willing to represent him in legal action against. the persecutors. I have quite a lot of evidence of the continuing persecution which. I have posted on the website, even if the evidence is quite tentative and. perhaps open to varying interpretations. But I have tried several. firms of solicitors; some of them have acted unprofessionally and abused. me; all of them have refused to represent me. My psychiatrist gave me the name of the. firm of Bindman and Partners in central London,. and I have approached them twice. On each occasion they. refused to accept my instructions. Plainly the problem with Bindmans, which they have. admitted, is their bigotry against mentally disabled people; yet this is not just something that is wrong. with Bindmans, it is something that is wrong. with the legal system as a whole, since the legal system necessitates finding a solicitor. willing to represent you in order to. bring a case to court, but it does not have a mechanism for providing a lawyer in the case where no solicitor is. willing to take on your case.. So the British legal system is such as to prevent cases such as. mine from ever receiving an airing in a court.

So much for the civil courts. But. the criminal justice system is no better. Two. years ago the Protection from Harassment Act came into force. But again,. while the Act is all very well on paper, in practice it is unenforceable. in my case, since it would require Police action to see the law implemented, and if the police cannot even. be trusted to conduct a murder investigation competently (in. the Lawrence case), then what chance is. there of their investigating complaints against the Security Service?. Of course, it would be possible for me to personally issue proceedings through a private prosecution either against. MI5 themselves,

or against. one or more of their media tools; but here we see the same problems as with the civil courts, because first of. all I would have to find a. lawyer willing to act on my behalf. Litigants-in-person do exist in the criminal courts, but the Attorney General can bring. such a prosecution to an end by taking it over and entering a plea of "nolle prossequi";. and I. suspect that if I were to bring a private prosecution against either MI5 or one of their media tools, then this is exactly. what would happen.

So much for. British justice. But if anything the wrongs that have been perpetrated on me by. the British justice system are quite mild to what others have suffered. Others have been wrongly. convicted based on police evasions and. lies, and spent many years in jail based on false charges. I should count myself lucky that despite the. best efforts of the MI5 secret police, I have not. acquired any criminal charges or convictions; which shows that for. all their resources and influence, and the clear imperfections in the British legal system, there are still limits on. how much subversion MI5. can achieve.

The latest in a long line. of injustices

A comment I heard during the recent scandal of. the police mishandling of the Lawrence. murder investigation is that "its not as if the police themselves. murdered him". This is not a particularly wise statement to make about the case, since it could be argued that the four. alleged murderers were aided in their crime by. the expectation that the police would deliberately botch the investigation - which of course is. exactly what the police. did.

But in my case, this would be a. completely inaccurate thing to say - since the MI5 secret-police have expressly been trying to nine. years now to see an end put. to my life, either by having me incarcerated and my liberty ended, or by forcing self-termination on me.. It is exactly as if the secret police. "themselves murdered [me]", since that is what their aim is in. their campaign against me.

The public has heard of instances of police mishandling of. cases, of police manufacturing evidence, lying in court, extracting. false confessions. to clear up crimes, et cetera. Various instances of extra-legal activity by the secret. services have also come to light in the last few years. The unhappy truth is that what MI5. have been doing to me for. the last nine years is really nothing out of the ordinary for them. To me it seems unbelievable that this. sort of systematic campaign of harassment, which thousands. and thousands of people in this country and abroad are well aware of, could exist for such a long period of time. with the media maintaining. "omerta". But my case is not the first such instance of persecution by the "British secret police", and judging by the lack. of any real controls on MI5, I very. much doubt it will be the last.

MI5 Have Systematically Destroyed My. Life

This is getting depressing. From the feedback Ive. received, the recipients of these faxes are tired of hearing my complaints, and in. truth I am tired of sending them. The reason I havent yet ceased sending. faxes is because I cannot. think of any other effective means of replying to MI5s actions against me, and I feel I have to do something to. try to defend myself.. Three/four years ago I got the MI5 harassment out of my system by posting about it on Internet newsgroups, and for a few months this. tactic was quite effective - I. received (and indeed still do today) support from newsgroup regulars, and. felt I could make my voice heard and break the MI5 monopoly on access to the British media. But that was. years ago, and today nobody gives a tinkers cuss about. my internet posts - so I have sought to escalate. matters by communicating directly with the politicians who allegedly say. how this country is supposed to be run.

Of course, its quite expensive. to keep up a campaign of fax messages for many. weeks. Each set of faxes takes approx 50 hours to send over the weekend, and costs perhaps 35. My phone bill for. the last quarter was 350. These figures are naturally insignificant compared to. what MI5 have been spending against me over a similar period. It also. takes a lot of time and energy to create a new article every week, and try. and find new and. fresh aspects and viewpoints on MI5s persecution of me. I am beginning to run out of both new. topics and energy to write these articles.

So I. have a suggestion to put before the MI5 persecutors who have been wrecking my life since 1990. In a few days time. I will be going on holiday to Poland and Germany, for a couple of weeks.. Previously, almost every time I have travelled by plane, or gone anywhere on. holiday, the MI5 "wreckers" have been most assiduous in destroying these. trips. My suggestion is; if MI5 leave me alone on this next trip, I will. cease transmitting. these articles. If, however, there are any clear instances of harassment (and. I am very capable of recognising MI5 harassment when I see it), then I will make public these. instances and publish any recordings I may make of them,. and, unwillingly and unhappily, continue the articles.

Read about the MI5 Persecution on the. Web

Keith Hill MP (Labour - Streatham), my elected representative, as. ever refuses. to help.

MI5 Refuse. to Allow me to have a Normal Life

Its kind of difficult to contemplate having a. normal existence when you know your entire house is bugged from top to bottom, for audio and,. very

unpleasantly, video; when your employment. is systematically destroyed, over and over again; when every time you leave the country. your travel is disrupted by MI5 plants on the plane yelling abuse at you..... you. get the idea. I would like to have. some semblance of a normal life, like my Polish and English friends do. But MI5 have. made this impossible, and they have leached massive resources from. the taxpayer to institute a life not worthy of. the name on me.

A few. years ago MI5 were very open about their aims in persecuting me. They were shouting "suicide" at me, both. in Canada where I lived at the time, and during. my occasional visits to London. You cant get much clearer than that. There have been instances as recently. as a few weeks ago of this intention being voiced by their side; on 15. April 1999, a woman at the next ticket counter at the Royal Festival Hall. said;

"it would. kill it, you know, it would just be overkill... they can't stop can. they"

meaning that "they" were trying to "kill it" i.e. me. and they "cant stop".. The audio file is at;

I wonder why they "cant stop". Nobody (who. doesnt know already) believes my claims - so what difference would it make,. if they were to "stop" persecuting me? Perhaps. what this persons remarks indicates, is the depth of the obsession MI5 have with this case. They have. chosen at random a person from the general population, and done. their worst to ruin my life.. What is wrong with these people, that they persecute a national of the country. whose citizens they are supposed to protect?

No Chance of a Harassment-Free. Job

Since the harassment. started in 1990 I have had three jobs, the first near Guildford, the second in Oxford, and the third overseas in Canada.. All three jobs have been systematically destroyed. by MI5. It is so ironic that MI5 employs a. team of agents, each well compensated for their efforts, to persecute just one person paid a. mere fraction of what they get for their "work". In fact, it is a joke that MI5 is. allocated resources for this sort of. effort. If this area of government were run along commercial lines then MI5 would be very rapidly closed down, they produce nothing. of any value, instead spending their time obsessed. with the bugging and surveillance of their former employees. like Shayler, dangerous subversives like Straw and Mandelson, and "threats. to national security" like yours truly.

Applying. for my first post university job

When I was applying for my first post-university job in the closing. months of 1990, I found at two or three job interviews that MI5 had. got there ahead of me. Interviewers knew what words to repeat from. what had been said at my. home recently; MI5 had supplied them with words to hurt me, and the "British secret police". were trying to wreck my job search and discourage me from joining the world of work. This and the. continuing harassment in the media and by the public meant that. the search for a job

took very much longer than it would ordinarily be expected to take. for a person. with my qualifications.

With. my first job near Guildford came the knowledge that MI5 were doing everything possible to make. me lose the job. Despite their efforts I managed to stay in work for ten unhappy months, during which. they made very clear to me. that they were bugging my workplace, my accomodation in Woking, my car, my home..... and they also. made clear that they had "got to" my. employer in Guildford.

Employment. with Oxford

I was able. to find a new job, with Oxford Computer Training Services (now ARIS/Oxford), quite quickly.. But it became very clear, very quickly, that MI5 were treating this job the same as the first; they tried to get. the other employees and in particular the managers to attack me. It. was plainly MI5s intention that I be sacked fro this job. But I. was not sacked; instead, after almost a. year of abuse from OCTS managers, I was forced to seek medical help, and had to. take two months off for medical leave. OCTS MD Hugh Simpson-Wells was motivated in keeping me on. by the fear that if he sacked me, then I would take him to. court for the treatment OCTS managers had meted out to me. during 1992.

Emigration to. Canada

When I emigrated to Canada in 1994, I did think. that perhaps MI5 would leave me alone,. given that I had made the effort to leave the UK and try to find a new life overseas. I. could not see any reason why they would continue to harass me over in Canada. But clearly the. MI5 agents had their salaries to think about, since continue to harass me they. most certainly did, at my home. in Ottawa, and by getting fellow employees to speak against me, as. had happened with previous jobs in the UK.

MI5 are denying. me a future in work

Former Chief Constable of Devon and Cornwall. John Alderson had this to say regarding MI5's. activities;

"MI5 is not under. the same restraints as the police. They infiltrate organisations, people's jobs and. lives. They operate almost like a cancer."

Currently. I am on disability, and I can see that MI5 are denying me a future in work. It. would be an insult to logic for me to return to work and find a. job, in the knowledge that an entire team of MI5 agents, paid in total many times what I would be earning, would. have the objective of seeing me "done down" in the employment,. and ejected from the place of work. This situation. is completely wrong and nonsensical - I would very much like. to have a job, but MI5 are preventing me from even thinking about returning to work. The culture. of secrecy in MI5/MI6 means there is no objective oversight of their expenditure, when external. oversight and greater transparency might lead to wasteful and. illogical operations such as that against me. being shelved.

Watched and Harassed at. my Home and Accommodation

As you will know if you have been reading these articles, MI5 have. watched and harassed me at my home, and at. every accommodation Ive had since 1990. Theyve also watched me at. neighbours houses in London, and at short-term accommodation such as hotels and. bed-and-breakfasts. They have used the "words" gained from these watching activities against. me, by passing these words on. to other people such as OCTS managers for them to make clear that I am being watched where I. live.

Harassed at. rented rooms in Oxford in 1992

This was at its worst in 1992 in Oxford, where during the. week I lived at rented accommodation in Oxford, and at weekends returned to my. parents home in London. I was being severely harassed by managers at. my place of work, OCTS; and it was clear. from the things they said that they were being supplied by MI5 with details of my home life,. that they were being supplied with words to. repeat at me.

In 1992 I moved house. in Oxford many times, living at a total of five rented accommodations in ten months. In. January I started off living in a rented room at Headington near the ring. road / A40 intersection; then when it became clear. that house was being bugged, moved to a rented room in Botley,. some miles away. It was at the house in Botley that I had an "interactive watching" experience with Martyn. Lewis while he was reading the news; I threw a term of abuse at him; he first flinched,. then gave a gsult of what I had just said, he was no longer "on my. side".

So I moved house again. This time to a place. in Cowley, near the Rover car works, where I stayed for a. few weeks. Because of continuing harassment at work, I soon. moved from this accommodation, to yet another rented room on Iffley Road. By this time I was very. ill and being abused continuously at work. Again, MI5 followed me to the rented room. on Iffley Road, and created new. instances of "newscaster watching". There was a television in the room which I watched,. and as you can guess the newscasters got at me when I was watching. the television. Also once I was assaulted, if thats the. word for what happened, on leaving the house; a youth grabbed me by the coat lapels, roughed. me up a bit with various terms of abuse. I did not report this assault to the police, because what was. happening to me at work was very much worse, and nobody seemed to think that that. was worthy of being reported to the. police. Later that day at work, Alex G, a fellow employee, said. "I heard he was assaulted".... I had not told anyone at work about the. incident that morning..... so once again it was made very clear that MI5. were watching my rented accommodation and giving information about what was going. on there to managers at work.

So I moved house yet again in late autumn. 1992, this time to a rented room in a large house on Woodstock Road. I stayed there for several. weeks as the situation at work deteriorated due to OCTS managers abuse, until I. was forced to take sick leave from work for two months. and attend hospital as an outpatient; at which. point I gave notice on the room, and returned to London.

MI5 continued to harass me after the diagnosis of serious illness. was made. As reported previously, they harassed me on. a flight to Spain in December 1992; and in 1993, when I returned to live and work in. Oxford, they again bugged my rooms,. as well as my workplace, although the intensity of the harassment was very much less than. in 1992.

Watched,. followed and harassed in Canada

It dismayed me to find that MI5. would not leave me alone after I had settled in. Canada. In January 1995 I rented an apartment at the Bayshore complex in Ottawas west end. For. some weeks there was no sign of the "buggers". But then it. started all over again. They first bugged my car, which had a car alarm installed. - the alarm went off two or three times in a single. evening, and the following day gave a signal that the car had been broken into. Then they bugged my apartment, and in. particular they installed bugs on the phone line in my. apartment.

In. September 1995 I moved to a new apartment in Ottawas Bytown Market area, the restaurant and entertainment heart. of Canadas capital. This proved a serious mistake. In the. west end I had been fairly distant from the centre of town where MI5. concentrated their efforts at turning people against me. In the. Market area it was much easier for the persecutors to motivate people to harass me, and. over the next couple of years there were frequent instances. of harassment by the general public.

From 1995 I had some Polish friends in Ottawa, and as the. reader can guess, MI5 have spent much. effort trying to break up this friendship. They supplied various things about my home life to. these friends, for example where I was living in the Market, directly over the road. were the studios of a music radio station, which you had to "look up" to see; and. MI5 told these friends that I was. "looking up" to see the radio station; so the friends then replayed these. words back to me, that I was "looking up". MI5 have also made various sexual slanders. against me, and these friends also unwittingly replayed some of the words they had been imprinted with by. the MI5. persecutors.

MI5 Will Never Allow. Me to have a Normal Life

I have heard. many excuses as to why MI5 continuously prevent me from having a normal life. We are told that MI5 are defending the. country against. a tere to zero.

When I. have travelled abroad, they always put their people on the flights, on the journeys I undertake, to continue the harassment,. so that I am put off further overseas travel, and chained to my. home in London. Yet even this is illogical, because when I lived in Canada,. they would still put people on flights back to the. UK.... and what possible reason would they have for doing that?. Perhaps the truest words to describe the MI5 persecution is that reason has nothing to do with their activities -. sane people do not behave in the. way the MI5 British Secret Police have been doing.

Summer 1999 - more MI5. harassment?

In only a few days time I. will be going to Europe again. This time I have deliberately chosen to travel by a non-UK airline; so we. will see if they put their paid. agents on this foreign carrier, we will see if they try to harass. me on this non-British flight.

If they do harass me on this. trip to Europe, or if they resume the harassment in London after I return home, then. I will continue to report their. activities in these faxes. As I said at the beginning of this article, I would very much like to not have to send these articles. any more, but that is not my decision to make - it is entirely up to. MI5 to cease their pointless persecution of me, once. and for all.

MI5 Persecution Update:. Friday 9 July, 1999

Harassment in. Poland, July 1999

And still it continues.... in my last. fax I said that provided MI5 made no attempts at harassment during my two-week holiday. this summer, or after I returned to England, then I would discontinue these. faxes. Unfortunately MI5 have continued to harass me, both during the holiday. and after my return to London.. I really dont want to continue these articles, since they take. up so much time and effort, not to mention expense; but the Security Service wont even let me have a holiday in peace. and quiet, so I have to. make further efforts to bring their activities out into the open.

In early July I visited my aunt and her. family in Poland. On Saturday 3 July 1999, I went to a family barbecue. at an allotment outside the city. One of my aunts family has previously shown himself to be. in the "enemy" camp, by saying the Polish equivalent of. "something wrong with him",. and various other unprovoked insults. It is disappointing that one of my. family could forsake the usual ties of blood and take part in the actions against me, but thats the way it is.. This guy turned up at the barbecue, and started making. insults against me. In particular, he started to say something about the video camera which I had brought along on. the trip, and the relevance of. the video-camera to my fight against the persecution. It seemed pretty obvious. to me that my enemies had told him to turn. up to this occasion, and most likely schooled him in precisely what words to. say; since hes an unintelligent person and would not be able to. think for himself what insults to make against me.

Harassment in London, week ending. Friday 9 July 1999

Got back to London Wednesay afternoon. Two incidents on the. Underground returning from the airport. Unfortunately. I wasnt recording because I wasnt expecting trouble, so these slipped through the. net. One of these was. verbal sexual abuse, of the type Ive heard many, many times before these last three-and-a-half. years.

Yesterday, Thursday 8/July/1999, I switched on Heart. FM which had never "got at" me before.... and the presenter started making jokes. about "mad, crazy" etc.. Again, wasnt recording this because Id never had any trouble from this radio. station and wasnt expecting any.

Also yesterday, on. a bus (155?) from Balham to Clapham, a couple of girls started harassing me with taunts of "crazy".. By now I was expecting trouble and recorded an audio file of this instance. of abuse, at web URL;

The cynical reader might think my demeanour or behaviour had. given rise to the taunts of "crazy" recorded above. But I assure you my behaviour on. the bus would not. have made anyone think I was ill; and the taunts the previous day were the same. sexual words as previously; so I'm quite sure that these incidents are either deliberately. staged, or indicative of an overall high level of awareness among the. London public, particularly in the part. of London where I live.

Keith Hill MP (Labour - Streatham), my elected representative,. as ever refuses to. help.

MI5 Persecution: Harassment through. the Radio

One of the aspects of the MI5 persecution has been harassment through. the broadcast and print media; and one of the aspects of. harassment through the broadcast media is being "got. at" by radio presenters. This being "got at" from the radio. takes various forms, the most obvious form being through overt or hidden words and insults.. But there are other, subtler forms. In Canada. a couple of years ago, I used to listen to the local radio stations. every morning driving to work, and listened to the music only, switching between radio station. presets rapidly as soon as a presenters. voice came on, so that I would not be subjected to any verbal harassment by the D.J.s. But they found. a way around this; they kept on playing the same song, every bl**dy. morning at the same time, which had the words. "all coming back to me"; the perceptive reader will remember that the words "coming back" have special meaning (see the. Private Eye cover at. web URL; for the
hidden. meaning).

And thats not the only time theyve allowed the songs. themselves to be used as abuse against. me; many years ago Radio-1 in the UK did exactly the same, and the DJ even. made it explicitly clear by saying, "dont you sometimes feel as if the songs were made just for. you".

"We should be done for. attempted manslaughter" says Chris Tarrant

Capital Radio DJs have been "in on it" from the. start. One of the first things I heard in the summer of 1990 was from a. Capital DJ who said, "If he. listens to Capital then he can't be all bad" (supportive, you see.. We're not bastards). Much of what came over the radio in 1990 is now so far away the. precise details have been obliterated by time. No diary was. kept of the details, and although archives if they exist may give pointers, the ambiguity of. what broadcasters said would leave that open to re-interpretation.

In spring 1994, Chris. Tarrant on his Capital morning show made an aside to someone else in the studio, about a person he didn't identify. He. said, "You know this. bloke? He says we're trying to kill him. We should be done for attempted. manslaughter".

That mirrored something I had. said a day or two before. What Tarrant said was understood by the. staff member in the studio he was saying it to; they said, "Oh no, don't say that" to Tarrant. If any. archives exist of the morning show (probably unlikely) then it could be. found there; what he

said was. so out of context that he would be very hard put to find an explanation. A couple of days later, someone at. the site where I was working repeated the remark although in a different way;. they said there had been people. in a computer room when automatic fire extinguishers went off and those people were. "thinking of suing for attempted manslaughter".

Pirate Radio "gets at". me

In another incident in 1990/91, Id been listening to a. pirate radio station in South London for half an hour,. when there was an audible phone call in the background, then total silence. for a few moments, followed by shrieks of laughter. "So what are we supposed to say. now? Deadly torture? Hes going to talk to us now, isnt he?" which meant that. they could hear what. I would say in my room. Note the word "deadly" - they give away. their purpose.

It constantly surprised. me that MI5 are so easily able to subvert broadcasters, and, in this case. of the pirate station, to do so, so quickly. I think. the answer to this question is that they must have very wide contacts in the broadcast media; presumably. some or in fact many of those contacts are literally. "bought". In the same way as they tried to buy Jon Snow of Channel. Four news, they must have bought many broadcasters and use them both directly to. make insults against me, and promulgate their. points of view; but also, they must use these "bought" broadcasters to influence other. television and radio presenters, who might not even be aware that it was on MI5s behalf that they. were being influenced to "get at". me.

BBC-Radio-1 D.J.s celebrate. my job termination in November 1991

This is another one. from the "early years". At the beginning of November 1991 my employment. in Woking, Surrey was terminated. Chris Tarrant of Capital-FM had already made nasty remarks. about both my work for the company, and the managers of the company themselves - "so. theyre not really a serious company, well theyd have to be to employ you. wouldnt they".

So when I was terminated,. as you can expect, BBC Radio 1 D.J.s celebrated. On the Saturday afternoon (either 9/Nov/1991 or 16/Nov/1991. - I cannot remember precisely) I. briefly listened to Radio-1 and heard the disc jockeys loudly proclaiming "youre useless, you should be sacked".. On the same day, I went down to the. Kwik-Fit in Tooting to get my cars tyres replaced, and in the office ran into a couple of their staff,. one of them with an Australian accent, who said. "what do you think about it then? Its getting killed on the. radio."

Plainly,. if a random car-repair shop in Tooting knew about the persecution, then many thousands of other people across. the capital and all over the country must have known. And the. phrase "getting killed" shows very clear awareness of what the. MI5 Persecutors intentions towards me were. in 1991, and judging by the continuing harassment, still remain. today.

Recent Feedback from. Virgin-Radio

As readers will know, from mid-March 1999 for some four months,. every weekend, I have bombarded Westminster. MPs with faxes about the terrible, all-encompassing MI5 Persecution. (Jesting aside, it. really is terrible and all-encompassing, in. the UK anyway.) In June 1999, after I'd been at it some three months, I started getting "covert". feedback from Virgin Radio.

The first. feedback I got was from Danny Baker, on Sunday 13th June. That weekend I was sending an article which contained biting criticism. of the police inaction in this case. Danny Baker. on his Virgin radio show started an angry rant that "he knows it's. rubbish", ie. he was rubbishing what I'd said in. that weekend's faxed article. Unfortunately I wasn't recording this. programme.

The next possible Virgin-Radio feedback was a week later on 19th. June 1999. This is contained in the audio file above, in which Johnny. Boy on his "Wheels. of Steel" programme says;

"and if. you would like to put a triple play together, ahhh.... because quite frankly Hipster and me are running out of. ideas...."

He goes on to counter Hipster's "how dare you" with a. protestation that he is "only joking". You can listen to this incident on. my website at URL;

What I reckon is. that my article faxed to MPs that weekend was forwarded by one of the recipients to Virgin Radio. My article had. included the words;

"I am beginning to run out of both new topics and energy to write. these articles."

So what I reckon is that Johnny Boy. read the article.... and rephrased the above line "run out of .... new topics" to "running out of ideas". I recognise that this is a. pretty tenuous inference to make.... but do listen to the audio file,. from the "ahhh...." pause in JB's speech you can guess. he is about to say something "risky" and at someone's expense. Anyway, I listen to the Wheels of Steel regularly and. will continue to do so, recording. it as I always do - so any future funny remarks will get immortalised on my website! (There. was a previous incident from. August 1998 which is preserved at web URL;

but I am sufficiently uncertain about it that I have. not included it in this. article.)

First Ever Radio Reference - Alan Freeman of. BBC-Radio-1

The first time I was ever referred to on the radio. was sometime in May or June of. 1990, by Alan Freeman of BBC-Radio-1. Note that this isnt an "interactive listening" episode,. its different, this was Freeman reading out a letter from one of my "real. life" enemies.

Id acrimoniously broken up with some former. friends in January of 1990, and I think they were still trying to cause me. trouble in June of that

year. Freeman on his rock show read. out a letter from an "Andrew Turner"; one of my acquaintances from. January 1990 had been called Andy Turner, so I think its the same guy. Freeman. quoted Turner as saying various things about me, in particular. Freeman said "thats a hell of a letter you wrote there Andy", "with a. schizophrenic you're never alone", and something about the "one. who wore out his welcome with random precision". (from the words of the Pink Floyd song).

When I. was looking for primary causes of the MI5 persecution, this letter which Freeman had. read out on his programme struck me as being potentially one of. the sources of the persecution. I know Turner and various others in that group were. very bitter at what they saw as their failure and my undeserved success,. and they were quite determined to upset the applecart. Of course. several other primary causes are possible; I do not know why MI5 chose. me as opposed to someone else, and MI5 are hardly likely to. tell me.

"Absolute Obscene" David Hepworth. of GLR

This one Ive assigned a. 100% rating on the website. There are actually two separate incidents, which are linked through the. D.J.s choice of words. The first incident can be heard in computer. audio at web URL;

On 21/Feb/1997, I. was listening to BBC GLR, by stealth. Back in 1990 I used to have Capital. blaring out of the speakers all over the garden ("if he listens to Capital then he can't be all bad", thanks ever. so much). But now I listen on my walkman on headphones with. the volume turned right down. It could. not possibly be overheard by any listening device, no matter how sensitive, because sound does not. carry from the phones.

Yet somehow they are still able to tell which station. I am listening to on the. walkman. And last night, I bravely tuned to GLR 94.9FM at around 8.45pm. Everything went well for the first half hour or. so. Around 9.10pm, Hepworth. said the following after the song "Come Around" by the Muttonbirds.

"coming up after this, we got the rock-and-roll. A-level, we have, I assume, Brian do we have an embarrassment of prizes in. there, we do, don't we, absolute obscene. amounts of prizes, there will no doubt be a riot at the back door, and that's,. er, A-level coming up after this"

The key phrases in what he said are,. "EMBARRASSMENT of prizes", and what he himself emphasized verbally, "ABSOLUTE OBSCENE amount of prizes".. It is my belief (based on content and tone. of voice) that when he spoke these phrases he knew I was listening,. and that the phrases refer directly to my situation. The. "EMBARRASSMENT" is the embarrassment he and other media people would. feel at having their wrongdoing exposed; the "ABSOLUTE OBSCENE" (which. he verbally emphasized) described the disgusting sexual abuse which the harassers have been throwing. at me.

There was a second incident, on 9/May/1997, which may be found on the. web (with. computer audio) at URL;

This incident again contains. the words "absolute embarrassment of prizes", with the same emphasis as the. first instance, and laughter following the phrase. So theyre aware of the complaint I made on Usenet after the. first incident;. and they are so arrogant that they do exactly the same again. They are so arrogant, they know they are being. recorded and that what they. say will be published on the web, but they dont care. What corrupt media, and what a corrupt country to have such corruption in. its media.

Three Years. of "MI5 Persecution" Faxes

Ten Thousand Faxes, and Still No. Breakthrough

In the last three years I have sent at least 5,301 faxes directly. from my computer, and 4,478 faxes through Demons extremely. useful TPC.INT service, to. politicians and the media, in the subject of the "MI5 Persecution". This has obviously cost me quite a lot of. money, not to mention time and effort. The aim of all this communication. has been to try to. put discussion of the "MI5 persecution" into the public arena; unfortunately, this aim has. not been achieved, yet.

This fax will be my last transmission. for the time being, since the summer recess is almost. upon us. Depending on what the persecutors do between now and the autumn, I may or may not resume faxing later this. year. In the article dated 18/6/99 I said. Id stop the articles if MI5 left me alone; but they seem to have no fear of. these articles, since they kept pursuing me in Poland and after my return to. the UK. Again, if they leave me alone. this summer then I wont have to resume the articles in the autumn; but I think its fairly obvious that MI5. have nothing better to do with their. time than to go after me, and its almost pointless to make this offer when I. know they wont cease harassing me.

TPC.INT. 1996, 1997, 1998.....

Three years ago I was living in. Canada, and the only economic way of sending faxes to the. UK was through the international email-to-fax gateway TPC.INT. This highly useful and totally free service. converts emails (which may have Postscript-formatted attachments) into faxes which. it delivers to any number within. the UK. Using the telephone book, I constructed a computer database of M.P.s fax numbers,. and used this database to deliver copies of the "FAQ - frequently. asked questions". article which Id written some time earlier.

This. service is still operational, but given that I have resided in London for the last year, I do not need to use Demons service. when I can send articles directly. from my own computer using its fax/modem, which is what I have been doing since 1998. However, instead. of just sending the FAQ article,. Ive been composing articles on various aspects of MI5s treatment of me. Since their activities have been going on for nine years. now, and there have been various aspects to their actions; they have harassed. me at work, at home, through. the media, etc; I have so far not run out of things to. say, particularly since their harassment of me is still ongoing, and I have been able to record the actual words used by. their paid agents on my minidisc-walkman. Since mid-March. 1999 I have been sending these articles

pretty. much every weekend.

Anyway, as mentioned. above, I intend this to be the final transmission before the summer. recess, and it would be nice not to have to continue these articles in the autumn. But thats. something that depends on them, not me, and their. attitude is unfortunately clear.

Why am I sending. these articles?

Because I. want the harassment to stop. The cynical reader might think from these articles that I "thrive on adversity" and would be lost. without the harassment. to complain about; but that is not the case. In a perfect world I would like to return. to work, in a job unsullied by MI5s attempts to ruin it; I would like to live in a house which wasnt bugged, with my. words being repeated at me wherever I go; I would. like a normal life. I do not particularly thrive on adversity; I am. beaten down by adversity; the purpose of these faxes is to try. to bring the whole matter out into the public arena, where the rights and. wrongs would be visible to all, and once that were to happen, the adversity. might cease. I have had something approaching a normal life a couple of times. in the last nine years, but always, in the end, MI5 turn up and ruin it. I just want these people. out of my life, permanently, and the. only way of doing that is to kick this business into the public arena, and shame. MI5 so that they are incapable of doing me further. damage.

Having said that, unfortunately it seems. fairly obvious by now that these faxed articles are not going to achieve that aim. Some. of the recipients know what I am saying is true; but they choose to. stay quiet - wisely, because. if they were to admit the truth of these articles, then they would bring. the wrath of MI5 down on their heads. Presumably most recipients do not know. these articles are true; their reaction to me is the same as my reaction to. the other apparently deluded people who have sent me email after reading my webpage to. tell me it happened to them too; the reaction being, "leave me alone, I dont want. to know". Its sad that many M.P.s have given me. this reaction, because my case genuinely is different; I genuinely am telling the truth, and the. harassment genuinely is happening to me, and some recipients of this fax. know this to be true.

"Write. to your own M.P."

My local. M.P. is Mr Keith Hill, Labour-Streatham. He refuses to have anything to do with me. He refuses to represent. me, he refuses to talk to me, he has told me not to communicate with him.. He has done absolutely nothing. to help me, and he has told me he will do absolutely nothing to help. me.

Other M.P.s, recipients of these faxes, have for. quite some time been telling. me, "write to your own M.P.". On 23 March 1998, Paul Burstow M.P. wrote to me; "Whilst I take the issues. that you raise seriously, there is. a strict Parliamentary convention that one Member of Parliament does not take up anothers casework. Can I suggest that you. write to your own M.P. at the House of Commons?" . Hopefully the above paragraph will

make clear that I have. written to my own M.P. and he has proved unhelpful.

Other. M.P.s have told me the same thing. On 21 May 1998, John McFall M.P. told me,. "... there is a parliamentary convention that M.P.s do not take up cases of people. not in their constituency..... therefore can I suggest that you write to your local M.P. who will. be better able to assist you." And on 8 June 1998, Michael Foster M.P. wrote. to me that "M.P.s. are inundated with unsolicited faxes .... M.P.s have a considerable amount of constituent work to deal with, thus. other M.P.s constituents cease to be of concern in so far as they should have a. voice and representation".

Simon Hughes M.P. wrote to. me on 5 November 1998, "There is a strict parliamentary convention which. states that I am not able to represent individuals who are not constituents of mine. My. advice is that you find out who your own Member of. Parliament is rather than circulating your story to all M.P.s.". To my suggestion that Keith Hill. M.P. was doing nothing to help me, George. Foulkes M.P. sent the following faxed response; "If Keith Hill your own M.P. cannot help no-one else in. the House of Commons can." But it is clearly not. a case of "cannot" help, but "will not" help. I have detailed in letters to Mr Hill specific ways. in which he could help me, first of all by finding a lawyer. to represent me. It is Mr Hills job as a Member of. Parliament to represent his constituents; if he chooses not to do. so, then it reflects badly on him.

Kate. Hoey Sympathises, but says, "Write to your own M.P."

Here is part of a letter Ms Hoey sent to me. on 15 June 1999.

I appreciate that you. have concerns about the persecution and harassment that you feel you are experiencing but I note. that your MP is in fact Keith Hill. There is a very strict Parliamentary code which means. that M.P.s can only take action on matters that. relate to their own constituents. I am aware that you. are not happy with the fact that you do not. feel Mr Hill will assist you but I am afraid that I cannot take any action on. your behalf.

Ms Hoey plainly belongs in the camp of people. who do not know about the reality. of the "MI5 Persecution". She doubts its existence; "the harassment you feel you are. experiencing". She urges me to see Mr Hills assistance, as. have other M.P.s detailed above.

Really, the fact that I am unable. to obtain assistance from any other M.P., if my own alleged. "representative" Mr Hill chooses not to represent me, is a very basic weakness in. the Parliamentary system. Beinggmainly events at. my former employers in Oxford during 1992, when I was harassed constantly by manager Steve Mitchell for most of 1992, and was. forced to begin attending hospital as. an outpatient as a result. This harassment was obviously. of Mitchells own volition, since I observed him harass similarly another new. worker two years later; but it was also at MI5s instigation, since they kept providing him with words from my. home life which he then proceeded to abuse me with. Yet this is not. the only employment that MI5

have destroyed; the MI5 persecution has lasted from the. end of my student days until. the present time, during which I have had three jobs, all of which have been in various ways destroyed. by MI5s deliberate actions.

In March 1999 I decided to try. to force the issue once and for all. Ever weekend for the last four. months, apart from two weeks when I was on holiday, I have sent original articles. by fax directly from my computer to Westminster politicians. Here is a summary of the. articles of the last four. months;

How. to Identify the Persecutors

Their use of Schizophrenia. to discredit my claims
Comparing the. MI5 Persecution with German "Final Solution"
MI5 are. Plainly Trying to Kill Me
MI5. Waste Taxpayer Millions on Pointless Hate-Campaign
Four Years. of "MI5 Persecution" Posts on Internet Newsgroups
MI5 Agents are. Clinical Psychopaths
BBC Newscasters. Lior the Victims of MI5
MI5 Have. Systematically Destroyed My Life
Harassment. through the Radio

To my deep. worry these fourteen faxed articles have still not achieved the objective of kicking the matter out into the public arena and forcing. an admission. either from the persecutors, or from those "in the know", which includes some. M.P.s.

I dont really know what else to do to try to bring. the "MI5 persecution" out into the open. I would. have expected that these weekly faxed. articles would have had some effect, but the only result has been M.P.s telling me to contact my. own representative Mr Hill who refuses to talk to me.. I understand the convention that M.P.s deal with their own constituents and not those of other M.P.s, but there seems to be a gap. in the process since it allows your own. M.P. to refuse to deal with you, and then you. are totally denied any representation at all.

Conclusion

The only conclusion I can inform the readership of these articles. of, is that there is. no conclusion to this matter, yet! Three years of intermittent articles, and four months. of faxes every weekend, have been absorbed by some. of the most powerful people in the country, to no effect.

Whether these articles continue in the Autumn is entirely up to. the "opposition". I offered. them a cessation of complaints if they would leave me alone on holiday in June/July, and they went. right ahead and harassed me anyway,. on holiday and after I returned to London. If MI5 cease their activities now, then I wont have to continue these faxes in. the autumn; but I suspect. they wont cease, which means youre in for more articles later this year. "There. will be no conclusion."

MI5 Want Me to Send You. these Faxes

MI5. seem to Want to Spin this Business out for as Long as Possible

The MI5 persecution has now. been going on, starting from June 1990, for well over nine years. If I knew how to. put an end to it then I would do so. Of course MI5 have indicated how they wish to finish the matter,. by finishing me off; they indicated. this very clearly years ago when they were. shouting "suicide" at me.

But a deeper truth is that. the MI5 agents carrying out the persecution rely on it. for their income and their livelihood. They have absolutely no interest in anything other than spinning out the whole business,. because that is how they will. maximise their earnings from their employer for the "work" they. do against me.

A vital part of the fantasy structure. MI5 have created about me is that I am somehow a worthwhile target. If you bother to read these faxes,. if you browse my website, or perhaps read my posts on. the uk.misc newsgroup, you will have by now. twigged that I am a totally insignificant person who in a proper dictatorship like East Germany would not merit five. minutes of Stasi time. But Britain is improper in the. methods of its corruption, and the Security Service seeks to. present me as being a an evil fascist, an evil communist, an evil something-else, and even a "national. institution".

It occurs to me that to some. extent I am playing into their hands, into their scheme of things, by writing these articles and sending. these faxes. By doing these things,. I elevate my profile, and fuel MI5s paranoid obsession with. me. But to stop sending faxes would be to give up the only hope I have of seeing. their campaign "outed" and justice done. Certainly there is no point going to. the police again; and as remarked in a previous article,. the Security Service Tribunal routinely whitewashes every complaint. that is placed before it.

So although MI5 seems to want me to continue sending these. faxes, doing this is the only real chance of getting this business out into. the open. And so Ill continue trying to kick down their house of. cards. At least my situation is. less serious than that of some other victims of the secret services; unlike Shayler I am not. broke and exiled; unlike Fayed I have not lost a son to the. posited activities of the secret services. All I have lost is some. of my health, some of my life, and some of my possible career.

MI5s Abuse of me is without. Cause or Reason

It constantly puzzles me that MI5 refuse to leave me alone, wherever. I go and whatever I do, or rather,. whatever I dont do, since Im not a very socially or otherwise active person.. When I am in England, they chase me all over the place, and once theyve found me, they pay. people to shout rude words at me.. When I am in Europe, they again chase me all over the place, and as usual pay people to shout obscenities at. me. When I am in Canada or visiting the States, they faithfully chase me. all over the place, and. when they find me, pay people to shout obscenities at me.

It is hard to avoid the conclusion that these MI5 operatives. who chase me are total lunatics. You will remember. from a previous articles the assessment "MI5 Agents. are Clinical Psychopaths". They have tried to blame me for what. they do and what they say; yet their lies have been wafer-thin, and are. clearly seen to be oiled by the money which they acquire from the Government, and ultimately from the. taxpayer.

They have tried various lies to put the blame on. me; "we have to abuse him because hes a nutter", as. if there werent many tens of thousands of other people with schizophrenia in the. United Kingdom. Their choice of abuse words. is telling; subconsciously perhaps they realise that it is they who are the "nutters", and they try to project their. own illness onto their target.

MI5 Operatives have Nothing Else to Do. With Their Time

Ive seen the same "Alan Holdsworth" person three or four times. over a period of several years. I saw him at. the Civic Hospital in Ottawa in the Emergency Ward, where he falsely. declared his name to be "Tad"; at Ottawa airport in summer 1998;. and on board another flight in 1995.

So what we see. from the above paragraph is, the same people are delegated to watch me for many years.. Without me, they wouldnt have a job. They literally have nothing else. to do with their time, except indulge their voyeurism against me. With this observation, we come to the. core of MI5s campaign against me; these people. are not fit for any job other than the exercise of voyeurism against me, and if sanity. were to land on MI5 then they would. be out of a job. If sanity were truly to land then these people and their employers would be prosecuted for offences. under the Protection from Harassment legislation, which they are. clearly breaking.

It is one of. the ironies of their campaign that MI5 have been trying to make me an object of ridicule for completely trivial. things I have done, while. MI5 themselves have simply not mentioned how ridiculous is their own behaviour and that of broadcast media journalists, in spying on me. while they read the news for example. If the whole. truth of this business is ever exposed, and despite all my efforts it still seems. there is a block on its exposure in. Britain, then the rights and wrongs will be clear to all, and no amount of. MI5 lies will be able to change that. MI5 presumably do realise just how damaging such a revelation would. be both to themselves, and to broadcast media such as the BBC. and ITN, because there has not been even the slightest. chink in the armour, despite four and a half years of my complaints on. internet newsgroups and by fax to politicians. and the media.

MI5s Final Kick in the Teeth to the. British State

For someone like myself born in. the late sixties it seems peculiar to think that Great Britain once. used to have a say in the destiny of foreign peoples in far-off sections. of the globe. Modern Britons tacitly accept the. lowering of their country to a third-rate power reliant on the United States for. what little say it has in the world. A third-rate power, now "reverse-colonised" by third world peoples it once. ruled and riven with internal problems. so severe the government hardly dares acknowledge them.

To this third-rate power the MI5 secret police. are delivering the final kick in. the teeth through a campaign of persecution which is guaranteed to hold the state. up to ridicule throughout the world when it is finally exposed. As a "thought experiment" suppose. the French or the Spanish security service had done. to one of their own born citizens what MI5 has done in this country. Suppose say the Spanish had planted hidden. cameras in his home, for the perverted pleasure of their. state television newscasters, just as hidden cameras have been placed in my home for. the perverted pleasure of Martyn Lewis, Nicholas Witchell. et al. Suppose the Spanish service had for nine years been trying to force. suicide on their target; at times, so blatantly that they. shouted the word "suicide".

Now suppose they were. caught.

Of course, as long as MI5 arent caught, theyre laughing.. The psychopathic security service agents gets their kicks from shouting. abuse at me; the newscasters, Lewis, Witchell. etc get their jollies, "it was so funny", we were watching this bloke. and he couldnt do anything about it.

But once theyre. caught, the sky falls in. Of course, the "patriotic" MI5-funded media in Britain will. try to put the best spin on the MI5/media activities; it was the targets. fault, of course. But most of the world bears no allegiance to Britain. If. this business is ever exposed then a weakened Britain will. become the laughing-stock of the world. And I promise you, the security services persecution of me will be exposed.. MI5 has delivered a final kick in the teeth to the British state, and. I will do everything I can to ensure the world hears about what. they have done.

Metropolitan Police Refuse to. Investigate the MI5 persecution

I have. on a couple of occasions tried to motivate the police to investigate. MI5s actions against me. On each occasion they have refused to do so.. In 1995 I went to my local police station and spoke to an officer there;. he refused to accept my complaint, and seemed interested only in seeing me. leave the station as quickly as possible.

Earlier this year. I had some communications with Det.Sgt.Richards of Charing Cross police. Again I asked him to deal with MI5s actions. against me. Unfortunately DS Richards conformed. to the negative stereotype of the bigoted, ignorant "copper"; he said, "I have read your various. bits on the internet. I'm afraid. there is no substance or credence to it. It's an absolute load. of rubbish. I don't investigate rubbish. I can't be more blunt or to. the point than that."

You have to wonder at the state of law enforcement in. Britain. If the victim of a murder is black, as happened. in the Lawrence case, the police deliberately botch the investigation.. If the victim of a crime is mentally ill,. and the perpetrators are the secret services, as in my case, then the police refuse to even begin to. investigate the crimes committed. Politically Britain. is a third-rate country, but from the point of view of obtaining justice, Britain. ranks down there with third-world countries.. You almost feel that MI5 and their media buddies would not even have any shame if their activities. against me were exposed; after all, why should they? they. have the money, they have the control, OK so perhaps theyve broken a few dozen laws, but doesnt the fact that. the police are too. corrupt to investigate these crimes, doesnt that prove that in fact no crimes. have been committed?

I should say. again what I have said earlier in this article. My losses over the last nine years have not been as great as those. of other victims of British Secret. Police malefaction. Fayed lost his son to their murderous activities;. in my occasional communications with former MI5/MI6 employees I have been informed that a "permanent solution" is. not uncommon for. opponents of the British secret police. I have lost health and financially, but am obviously well enough. to keep fighting my case. Others have lost. much more than I. If the joke which is British "law enforcement" refuses to enforce laws against the. security services then that is something that is recognised in other countries. and Britains stock correspondingly falls. Not that it has very far to. fall; the days when England had any say in the world are. long gone.

MI5 Want These Faxes. to Continue

Before the holiday, I said that if MI5s harassment of me. stopped, then I would cease my complaints. They have known. very well that if they continued to harass me then I would resume the fax. campaign in the autumn. Yet they have not stopped persecuting me. Recently a woman. outside my domicile screamed her. head off with abuse in the direction of my window;. and on Saturday 2 October, when I was shopping at a nearby supermarket, a man shouted the particularly vile sexual. swear word which I have heard many times. before over the last few years.

MI5s attitude shows complete arrogance. Yet it. also shows that they want the faxes to continue and deliberately try to. provoke me into sending further faxes. The reasons for this. are given in the first paragraphs of this article; the MI5 operatives who persecute. me have nothing else to do with their time; to make their. campaign, against an apparently unreacting target, have some value,. they have to force me to react in some way against their. actions; and by reacting in this way, by bringing their campaign to the attention. of British politicians, I play into their hands, by giving their campaign the attention. and importance which they feel it deserves.

In the short term, by. sending these faxes, perhaps I am doing something they want me to do, but in the longer term it is undoubtedly more in. my interest than theirs for their activities to. be exposed. If their operatives truly do wish to see. these faxes continued then they are

committing a. serious mistake, because it significantly increases the risk if M.P.s (some of whom already. know about MI5s activities against me) are advised of my. side of the story.

I will continue to. monitor and record the secret services activities against me over the next few weeks. If they diminish and cease, as. I hope they will, then I may be able to call a halt to these faxes;. but that it something which is entirely. up to them; recently their continued harassment makes. clear that they do wish the faxes to continue, and in all sincerity I do think they will continue their activities and. make it impossible for me to cease these. faxes. It may trouble you to receive these articles, but it troubles me much more to be on. the receiving end of a national persecution campaign;. and while Britain does not have free speech provisions as. does Canada in the Charter of Rights and Freedoms, and. the US in the first amendment to the constitution, in practice I do not think anyone is going. to try to have me locked up for speaking the truth. I still. cherish the hope that the veracity I express will be shown for what it is,. and that the truth will prevail and make me free.

Removing the. Mask of Anonymity from the MI5 Operatives

Undoubtedly one factor encouraging the MI5 agents. actions against me has been the fact that they can shelter behind a mask of anonymity. while they carry out their abuse. This is both a sign of. their realisation that their actions are criminal; for crimes are. harder to pin down and make a coherent complaint about when their perpetrators are unknown; and it is. a sign of their cowardice, since they lack the backbone to say things. to my face themselves; instead they almost always rely on third parties. to carry out the actual acts of. abuse.

On a few occasions I. have seen the perpetrators, but on each occasion they have managed to preserve their anonymity. They travelled. on the same British Airways flight as me in 1994; but BA have ever. since refused to give up the passenger list for. the flight, and the police and lawyers have proved useless in obtaining their identities from the. list. Also one of them followed me into. A&E department of Ottawas Civic Hospital a couple of years. ago, and gave his name as (if I heard correctly) "Alan Holdsworth"; but the doctor refused to give out his identity. when I later tried to speak. to him.

If only we knew the identities of the individual operatives, then it. would be possible to. find out the identity of their employing organisation. But I think we know the latter already, since I have. been accusing them on internet newsgroups for. four and a half years now, and they have never denied my guess. Indeed, when I was travelling in January 1996 back. to Ottawa, two. youths on the (British Airways again, unfortunately) flight made a lot of noise at me, one of them. saying to the other that I "didnt know who we are". That is a wafer-thin denial; I had been saying. for a year that they were MI5, so a stronger. denial would be necessary if my guess were truly mistaken. I think the lukewarm denial. was worse than no denial at all, since it confirmed. my guess that the employing agency was indeed. MI5.

Conclusion

It has. been suggested to me that by sending these faxes I could be making trouble for myself; but. I dont think so. My psychiatrist knows what I am doing; indeed I have. given him a couple of these articles for him to cast an. eye over.

I. dont want to have to send faxes for the next year, or the year after that. But that is entirely up to MI5. If they continue to. persecute me then I am forced into defending myself. The ball is in their. court, and it is entirely. up to them what they do. If as I suspect it is their intention that these faxes continue, if that is what they insist will happen. then so be. it.

MI5. Persecution Update: Friday 31 March, 2000

22,544 Faxes Delivered. in Three Years, and Still No Breakthrough

In. the last three years I have sent at least 22,544 faxes to recipients in the UK,. of which at least 13,974 have gone to Westminster. Last weekend alone I sent 832 completed faxes to politicians, the media and. various others, on the subject of MI5s mistreatment of. me these last ten years.

I believe some of the recipients. know of MI5s actions against me in the last decade; yet they. maintain strict "omerta" in fear of the security services. persecution actions being made public.

MI5 Insist that these. Faxes must Continue

Between September 1999 and mid-January. 2000, the persecutors, whoever they might be,. mostly left me alone. I counted only three incidents in almost five months -. which is a lower rate than at any time since June 1990, when this business. started.

By leaving me alone for. several months, the "oppressors" were making an implicit assurance that they would continue to leave me alone. in the future. On 11. January I posted to an internet newsgroup accepting what I saw as their assurance of no. further harassment, stating that I would cease sending these faxes -. which is the only thing I do in my defence - if they continued to leave me alone. And for two weeks. I did indeed refrain from distributing. these articles.

But MI5 acted in bad faith. From the last. week of January until the beginning of March, they resumed their hate campaign against me with. a vengeance. They even put people in my road three times. in February, one instance. of which I recorded. They resumed their normal behaviour of bugging my phone and house, listening to where. I would go, and then placing people in that location to. "aggravate and annoy" me.

What MI5 did in February is plainly a contravention of. the Protection from Harassment Act 1997, since it has caused me "alarm. and distress" as specified in the Act. But it is a waste of time going to the police with. a complaint, since the police have done, and. will do, absolutely nothing. I complained to the Metropolitan Police in 1995, and they refused. to take my complaint. When I complained again in 1999,. the detective sergeant laughed at my complaint, with the words, "It's an absolute load of rubbish.. I don't investigate rubbish. I can't. be more blunt or to the point than that." It is useful to remember. that the Met also treated Stephen Lawrences parents with similar discourtesy; police prejudices. are similar in my case, so I can take some comfort from that. case and hope that one

day I will get a. fair hearing.

MI5 acted in bad faith, but they also acted with arrogance.. They do not care if I send 800 faxes every. weekend, since they know I cannot prove my claims, and the recent Shayler case shows. how weak external oversight is of the secret services. But they acted. with more than arrogance - the MI5 agents actually want my faxes to. continue, they insist that these faxes continue, since my communications give them an excuse to. continue their activities, and continue in the paid. employ of the secret service. Despite their use of diverse proxies. over the last ten years, it is the same MI5 officers behind the campaign all the time -. I have seen one of them on three occasions in Canada over. a period of years, and it is a safe belief that that same. person continues to be paid for his "work" in harassing me in London now. The average cost of an MI5 employee is some 75,000. per annum, so one may infer that their officers are. amply compensated; their insistence that "hostilities" are maintained is understandable. when placed in this. light.

MI5. Persecution Update: Friday 7 April, 2000

22,544 +. 837 = 23,381

Last weekend I. delivered another 837 faxes to politicians and the media on the subject of the security service conspiracy which has destroyed. my life. This brings the total in the last three. years to at least 23,381. These totals do not include. partially delivered faxes.

Some of the. recipients of these faxes must know that what I say is true; and I hope to motivate those people to acknowledge the reality. of the harassment which has followed. me for ten years. It takes much time to transmit these. articles, but as OCG MD Simpson-Wells said to me in 1992, you have to be a good. communicator if you are to succeeed.

Harassment. in February 2000

Following a quiet. period of almost five months, the persecution resumed with a vengeance in late January/February 2000. At this. time I was at home in Clapham, London and was a relatively easy target. for the persecutors. They have my. house bugged, for audio and I believe video in some. rooms as well; so they can find out easily where I will be going on a particular day, and place people in that location to mouth. words of abuse at me. (I know the last sentence. sounds like classic paranoia, but it happens to be true, and some of the people reading this know it to. be true.)

On Friday 11. February 2000 I went shopping in Croydon, to buy a watch at H. Samuels jewellers in the Whitgift Centre. While I was. there two youths came into the shop,. one of them quietly uttered an obscenity at me, and they immediately walked out.. They showed no interest in the shop.

That. Sunday I met with a friend in Clapham, who started needling me about "do you know anything about the CIA. and FBI?". Rather unsubtle, and worrying considering Ive known this guy for. 20 years. From the words and demeanour of this "friend" and others in February, I. saw that the persecutors have again been trying. to separate from me what remains of my social. life.

Incidents in my Road. in February

MI5 very rarely place people in my home road to. harass me, but such was their persecutory fervour in February that. they did so on three separate occasions. On the first such occasion, I was met my. two youths who, grinning, said a. deeply offensive sexual obscenity at me - at which I coughed at them, so they called me a. "wanker". This incident is safely

recorded on minidisc-walkman, but because of the offensive nature. of their abuse the recording will not. be made public.

Another incident very early in the morning. of Sunday 20/Feb/2000 occurred outside my home, following an evening in Croydon. with some schoolfriends. Again there were two youths -. for some reason the persecutors always travel in twos or threes, very rarely is. there just one of them - perhaps they need a. group to bolster their courage, perhaps just one of them. wouldnt have the guts to say something unpleasant. One of the youths. said quietly, and bitterly, "shitty, very shitty".

Anyway, in March there were no further. incidents near my house in in my road, and our neighbours are very well disposed towards us,. so let us hope that the current quiet. continues.

in total honesty i am shocked they have not landed in court long ago i
guess seve and dloyd have not managed to find bad enough to take
their money for a false and frivouslous suit

Again, if your house was burned down, by whom? someone on any
of the Rec radios groups? What are the police doing about it some 2
or 5 years later? Same question applies to credit card theft, who was it?
That would be no problem to obtain the information of who used it, was
it someone form the rec radio groups?

SCIO TOWNSHIP, Mich. - The Washtenaw County sheriff's department says a 44-year-old man was stabbed to death at a Scio Township truck stop Saturday after a conversation on a CB radio led to a confrontation.

The department tells The Ann Arbor News officers got a call Saturday to the TA Travel Center in Scio Township, about 35 miles west of Detroit.

They say Gregory A. Hobalt of Davenport, Iowa, was pronounced dead at the University of Michigan Hospitals.

Authorities are holding a 36-year-old man from Garland, Texas, while they determine charges.

They say the suspect apparently made offensive comments on the CB radio about the 10-year-old daughter of Hobalt's girlfriend.

kid for sex for money?

you can have no such proof with out hacking into my email accounts

what proof do you have to support your claim I forgered W8FWG in

george to so and that I did so, and that George has sated it is a
forgery

for example when my garndma now dead was cashing out series E boond to
exchange for some other bnd there were huderds I signed her name at
her request in front of the bank officalsno forgery occoured as I
wasauthorized to act as her agent.

do have eveidence I signed georges call 9which ou insist is not

something deloeran was afird to let you read

how so it is wether 1000 or 851 what ever the number works outs to a
valid reminder of tjust how much the forger posts is a simply a
measured reponse you realy need to learn the meaning of the word
"terorism"

but feel free to report me to DHS if you like

indeed I would truly welcome your trying to take the matter to LE

maybe they can set you staight I doubt but..

3555. Mark has been counting posts, but not HIS!

Cross-posted to: alt.satellite.direcpc,rec.radio.amateur.misc,rec.radio.amateur.policy,rec.radio.cb

Mark claims that in the past three weeks he counted the alleged forgeries
and said, "the result was 356 post forged in my name call or my wifes name
and "

Then he goes on to post three times that many IN A SINGLE DAY. Yesterday,
Sunday, he topped 1.000 in a single day.
Lets see...by his count, that would amount to about 119 posts in a week that
he claims are "foreries".

Heck, he's eclipsed 3,000 posts just this week alone.

And yes, I have already sent a complaint to Hughes and if they ignore me?
I'll print out some of Mark's posts and send them to Hughes via snail mail
at the address provided at
